

## **Visitor Hygiene Contract**

**By reviewing and signing the following document, I agree to comply with the Visitor Hygiene Policy as defined below:**

- ALL REMOVABLE jewellery is to be removed. Medical alerts may be worn if covered. Personal jewellery and other belongings should be kept in vehicles or concealed in lower pockets while in food-handling areas.
- All people entering a processing area must wear suitable protective clothing, in the form of a smock, hairnet/beard-net and a hardhat for the body and head, and cleanable, protective footwear.
- No white smocks or aprons are to be worn outside processing areas.
- All visitors will wash hands when entering a processing area.
- While in processing areas, visitors will refrain from behaviour that could result in contamination of food (e.g., spitting, chewing gum, eating).
- Any person with an open wound must cover the wound with a waterproof protective bandage and glove. Persons who have or who may have communicable diseases (e.g., stomach flu, hepatitis A) are not to enter food - processing areas.
- Traffic Flow inside the facility is to be from a clean to a less-clean area, never the reverse.
- No photographs will be taken inside the facility.
