

SOILS AND LAND USE

PURPOSE:

To ensure the growing area is suitable for growing and harvesting commodities.

POLICIES:

A documented risk assessment must be conducted on lands that are a new purchase or lease. The following must be considered: Whether the land was previously used as a toxic waste site, as a landfill, for mining, for the extraction of oil or natural gas, for animal husbandry or if the land had previously flooded.

Location: Previous Land Use: Crop: No. of Acres:

Location: Current Land use: Crop: No. of Acres:

Ownership Statement:

Regarding _____ property _____ located
at _____
s _____ owned _____ by _____ and _____ farmed
by _____. To the best of my knowledge there has been no
previous land use that would render this property unsuitable for agriculture. This property has
never been used as a landfill, feedlot, or for industrial purposes that may have created biological
or toxic waste, and it has either been fallow or used for production of food crops for the
past _____ years.
