Note:

1. The list of 7 documents and others as indicated above is only tentative and to the best of our judgement .You need to go through the Crop Base Module clause wise and list out the requirements on your own to avoid non conformances during inspections.(www.globalgap.org)
2. The templates uploaded in this section for your reference which are generic and for your understanding only. You need to prepare records, risk assessments, manangement plans and others as applicable to your crop, your quality management system and as per your local conditions
3. Producer or Producer Group is advised to go through the actual/updated requirements of the Standard Requirements: Crops Base
4. Template Record Preparation Date : September 01st 2022
