Representative list of controls
Machine guarding, Engineering controls, Interlocks
Competent operator (Qualified/ Experienced/ Trained/ Medically fit)
Fire alarm (manual/sensor), Fire hydrant (manual/ automatic),
Fire tender (water/ foam), CO2 flooding etc.
Fire extinguisher (proper type & qty)
Additional measures
PPE - Personal Protective Equipments (Safety shoes, Handgloves, Masks etc.)
Procedures/ Documents required for maintaining effectiveness of controls
Sinage, Warnigs, Check list, Administrative control
Work instruction, OCP etc.

III Health: Adverse physical/ mental condition
III- health 1 - due to exposure to fumes & dust:
III- health 2 (exposure to Noise):
III- health 3 - due to oral and skin route:
III- health 4 - Others:

Notifiable deseases as per Factories Act, sch. 3, occupational goisoning and toxic disorders and other diseases

1 of 1

Injury: Harm/ wound to body part (all minor & major)
Injury 1- Cut, crush and Damage to Skin due to Strike, Fall, Fall of object etc.
Injury 2- Burn to Skin due to contacy with fire, chemical, hot metal / surface, flame / heat and severe cold, Acid/ alkali/ chemical, Molten metal etc.
Injury 3- Burn and Internal damage to body due to Electrical Shock
Injury 4- Damage to bone/ spine and muscle stress due to repeatative movements (ergonomics)
